DOWNTIME PORTAL

**Planned or Unplanned?
That is the question!**

Triumph over system downtime with an intuitive, secure, web-based solution that doesn't care if it was planned or unplanned. Does your current plan have clinicians scrambling for patient data? Are you slaying forests with the amount of paper being produced? Distressed about patient safety, auditing, and security? ContinuTy Downtime Portal can put those fears to rest.

Everyone would prefer their system to have 100% uptime. The reality is that in order to perform proper maintenance and security patching, the system must be brought down. These downtimes affect clinician workflow and could negatively impact patient safety.

CONTINUITY DOWNTIME PORTAL Offers:

- ❖ Intuitive web-based view of patient information that mimics the electronic medical record
- ❖ Easy adoption and clinician satisfaction based on recognizable views
- ❖ Easy access to key clinical information
- ❖ Integrated audit and security capabilities
- ❖ Robust patient identification and search proficiency
- ❖ Compliance with Health Insurance Portability Accountability Act Privacy and Security rule

CONTINUITY DOWNTIME PORTAL

- ✓ Intuitive Views
- ✓ Workflow Continuity
- ✓ Various Patient Search Capabilities
- ✓ Maintain Clinician Productivity
- ✓ Use-cases for EMR and Network Downtime
- ✓ Preserve Network Security and Auditing
- ✓ Compatible with on-premise or cloud configurations
